

## POSITION AVAILABLE

Southern Energy Management, North Carolina's leading provider of sustainable energy solutions, seeks a **full-time field technician/inspector** to join our fast-growing building science team. A strong commitment to sustainable energy and dedication to the long-term vision of SEM is a must. (*Valid NC driver's license and clean driving record required.*)

### **Full-Time Building Science Field Technician**

#### **Key Responsibilities include:**

Field testing of new homes for energy efficiency parameters, such as: whole house air leakage measurements, duct leakage measurements, and visual inspections of subcontractors' work. Completing field reports accurately, and writing reports for customers.

All of the above duties require close interaction with builders and subcontractors, so strong interpersonal skills are imperative.

#### **Desired Skills/Experience:**

Strong interpersonal skills and desire to work as part of a collaborative team.

Basic computer skills.

Prior experience in the construction industry and knowledge of building science strongly desired.

Experience on residential job sites a plus.

90% field

10% office

This is an excellent career opportunity for the right individual, with outstanding growth potential. We are committed to sustainability at all levels of our organization, and believe that our success as a company depends on the success of every team member. We offer competitive salaries and an outstanding benefits package including health insurance, company-matching IRA, and stock-ownership plan.

If you're ready to work hard, make a difference and have fun doing it, then you could be just the person we're looking for!

To apply for this position, please send a resume and cover letter to [careers@southern-energy.com](mailto:careers@southern-energy.com) or fax to 919.836.0305.

We look forward to hearing from you soon!
